2011 SYSTEM SOLUTIONS

The next generation **media station.**

IVA-D511EBT

USB/DVD/DIVX/CD/MP3/WMA/AAC
BLUETOOTH MOBILE MEDIA STATION

2010 Australian InCar Awards Highly Commended

$1899.00

Alpine takes your audio/visual experience to an entirely new level. The all-new graphic user interface lets you intuitively control the system and browse content effortlessly. The high-resolution WVGA screen brings true-life to your DVD and digital video. Performance is to the highest standards with the new Digital AM/FM tuner and 24-Bit DAC to ensure the best sound from digital sources. What's more, you can tune the sound with the digital time correction, 7-Band graphic EQ or 5-Band parametric EQ. Plus, you're fully connected to play iPhone and iPod video/audio, and music files on USB memory devices. Bluetooth lets you drive safely providing full hands-free operation with access to phonebook and information from the touch display.

Made for iPod iPhone · USB Cable Included · Bluetooth · Parrot move wireless · DIGITAL TUNER

Experience the very best in sight, sound and navigation.

LED DISPLAY TECHNOLOGY

Experience superior vision. Alpine premium WVGA display panels are of the highest quality and incorporate LED backlight technology. This ensures the very best picture, reproducing super sharp images, true-to-life colours that are vibrant, as well as amazing contrast displaying every detail.

PLAY DIVX VIDEOS

If you have movies or digital video content in the ever popular DivX format, simply burn the files to a DVD disc and bring it to the car. What's more, the IVA-D511EBT reproduces DivX files in high-quality video and audio.

BLUETOOTH INCLUDED

The included KCE-250BT provides hands-free operation of many Bluetooth enabled phones. You get full phonebook access, display of user names, and touch-screen control. Plus, Parrot software updates provide support of future phones.

PREMIUM USER INTERFACE

The stylish user interface has a high-end feel and looks impressive. Its design is also simplistic and intuitive for ease of use to select sources, browse content, control connected devices and adjust system settings.

iPod AND iPhone VIDEOS

Play video files from your iPod or iPhone. From the easy menus and lists you can select movies, video podcasts or TV shows. Best of all, you'll get super-sharp images on the 7″ WVGA high-resolution display.

IMPRINT READY

PXA-H100M IMPRINT PROCESSOR

Alpine Premium Navigation with Suna™ Live Traffic gets you there.

NVE-M300P
PREMIUM NAVIGATION

NAVTEQ ON BOARD | SUNA live traffic updates | $999.00

Connect navigation for the latest 2D/3D maps and powerful features such as 3D landmarks, voice guidance, safety camera and speed alerts, school zones and Suna™ Live Traffic.

• 3D/2D MAP • 3D LANDMARKS • SUNA™ LIVE TRAFFIC* • TEXT-TO-SPEECH • POI SEARCH • AUTO DAY/NIGHT MAP MODES • USB FOR UPDATES • SPEED LIMIT/ SCHOOL ZONE ALERT • FIXED SPEED/RED LIGHT CAMERA ALERT • AUTO MAP ZOOM

3D LANDMARKS

The 3D display mode with 3D landmarks brings a greater perspective to your navigation guidance. With the identifiable landmarks you can easily confirm your location and orientation at a glance.

POI SEARCH

With hundreds of thousands of POI's (Points Of Interest) at your fingertips, you're sure to find the nearest petrol station, restaurant, shopping centre, bank and much more. Plus, you can store up to 100 user POI's.

SPEECH GUIDANCE & SAFETY ALERTS

The voice guidance gives you attentive instructions including spoken street names, so you keep your eyes on the road when navigating. Also, the navigation system alerts you of speed limits and when approaching a fixed speed camera, red light camera and school zones.

SUNA™ LIVE TRAFFIC*

Be ahead of traffic congestion and road incidents. Suna™ Live Traffic provides real-time traffic cautions. When approaching adverse road or traffic conditions the Alpine navigation system can automatically reroute you.

LANE GUIDANCE

With this convenient guidance feature, you're not only instructed the next turn, but also which lane you should be in. Lane guidance aids your motorway manoeuvring and makes exiting easier.

CDA-105EBT

CD/MP3/WMA/AAC RECEIVER/USB BLUETOOTH/iPod CONTROLLER

$549.00

CDA-105EBT + BLUETOOTH + POWER PACK

$699.00

This premium head unit is all about connectivity. Connect and play your iPod or iPhone, as well as other USB memory devices in your car and access them all right from the head unit. You get ultra-fast control too, so you can scroll through all of your playlists, artists, albums and songs — and view all song information right from the display. Bluetooth is included and the sound can be easily upgraded with the IMPRINT processor for the very best audio response imaginable.

• 4 X 50W HIGH POWER AMP • CD-R/-RW/MP3/WMA/AAC PLAYBACK • USB CONNECTION FOR iPhone/iPod (iPod 5G, iPod NANO 1G-4G, iPod CLASSIC, iPod TOUCH 1G-2G) OR USB STICKS • 24-BIT DAC • IMPRINT READY WITH PXA-H100 • PARROT BLUETOOTH INCLUDED (KCE-250BT) • Ai-NET • REMOTE READY • STEERING WHEEL REMOTE READY • 3 PREOUTS

Made for iPod iPhone · USB Cable Included · Bluetooth · Parrot move wireless

POWER PACK AMPLIFIER

$199.00

Add higher output and more dynamic response with this easy-to-install head unit power upgrade. The KTP-445 amplifies the head unit power output, resulting in a 150 percent power increase over the original power from the head unit's built-in amplifier.

BLUETOOTH INCLUDED

With KCE-250BT Parrot Bluetooth included you have instant hands-free operation of a Bluetooth-enabled mobile phone. Plus, it's ready for future phones and software updates.

PXA-H100M

IMPRINT PROCESSOR

IMPRINT · AUDYSSEY MULTEQ XT

$299.00

Experience music inside the car like never before. Alpine has combined its in-vehicle sound system experience with Audyssey's acoustical technology into one unprecedented component — including 24-Bit DAC, digital time correction and selectable crossover frequencies.

• AUDYSSEY MULTEQ SOUND OPTIMISATION • 24-BIT DAC • Ai-NET • SUBWOOFER PHASE SELECTOR • KTX-H100 CALIBRATION INCLUDED • 3 PREOUTS (4 VOLT) • 7-BAND GRAPHIC EQ • 5-BAND PARAMETRIC EQ • 3-WAY/ 2-WAY CROSSOVER • 6-CHANNEL DIGITAL TIME CORRECTION • MEDIAXPANDER • MANUAL TUNING CAPABILITIES

PC SOFTWARE

The PC software makes IMPRINT set-up easy. When installed you connect your PC or laptop directly to the PXA-H100 via USB and follow the software prompts. What normally takes experts days of painstaking tuning is achieved by IMPRINT in less than an hour with absolute precision.

MULTEQ CALIBRATION

To achieve IMPRINT sound the calibration kit is used. The kit includes PC software and the precision microphone to analyse the acoustical environment and correct the problems. When music plays, the car's acoustical problems are cancelled, for near perfect linear response.

MANUAL SYSTEM TUNING

IMPRINT allows users to tune the system manually. The 6-Channel Digital Time Correction enables precise compensation for speaker placement, the Parametric EQ, Graphic EQ and the 3-Way/2Way crossovers offer bandwidth control from the head unit.

MultEQ is disabled in manual tuning mode.

ADVANCED TECHNOLOGY FOR ULTIMATE SOUND QUALITY

The car's interior is a challenge — surfaces reflect sound, while others absorb the sound. IMPRINT resolves the car's acoustical problems, which greatly improves the sound stage, tonal balance and definition. Technically, MultEQ solves this by correcting over 500 points along the frequency spectrum and with precision optimises the response to the vehicle's listening environment.

Bluetooth. USB and more. It's all built in.

CDE-126BTi

CD/MP3/WMA/AAC RDS RECEIVER/BLUETOOTH/FRONT USB
FRONT AUX-IN/iPod FULL SPEED

Extraordinary sound. Ultimate power. PDX.

PDX DIGITAL AMPLIFIERS
ULTRABLU AUDIOPHILE SERIES

2010 Design & Engineering Innovations Showcase Honors

The all-new PDX series are the first ever class-D amplifiers to triumph sound purity and power efficiency.

With precision design and UltraBlu technology PDX deliver unsurpassed definition. Rivalling even the best high-end amplifiers, PDX set the benchmark with a frequency range of 5Hz–400Hz (mono) and 5Hz–100kHz (4ch).

Unique to PDX, distortion decreases at higher frequencies, resulting in a clean signal where your ear is most sensitive to distortion. -<0.005% THD+N @ 1W, <0.05% THD+N @ rated power. What's more, PDX are capable of S/N ratios up to 123dB S/N at rated power for unprecedented clarity.

Delivering ultra-low impedance, PDX are highly stable for tight bass and superb sound with a dampening factor rating at >1000 (Mono) and >500 (4ch). With tremendous headroom and low distortion, PDX have a high total system efficiency of ~80% (power supply >90%, output stage >90%).

PDX. The new rival in audiophile amplifiers.

2010 Australian InCar Awards Highly Commended

PDX

WINNER 2007 SOUND IMAGE AWARDS

PDX DIGITAL DENSITY AMPLIFIERS

Extraordinary in concept, revolutionary in design, the award winning PDX amplifiers answer the challenge of conventional digital switching amplifiers with a completely innovative full-range digital architecture that rivals efficiency and accuracy of even the best Class A/B amplifiers.

Available in mono and bridgeable multi-channel formats, these amplifiers can be configured to build any high-end audiophile system or pro-level competition system.
